

REMARKS

Claim 1 has been amended to correct an obvious oversight. In the Examiner's amendment attached to the Notice of Allowability mailed August 9, 2006, the phrase "when said web client alternates requests for access to said secure web pages and said non-secure web pages" was inadvertently repeated in Claim 1. This repetition has now been removed.

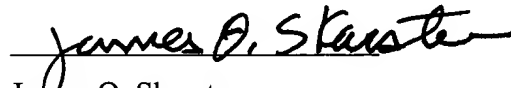

Claims 4, 15, 16, 23 and 25 have been amended to update their respective claim dependencies, in view of claim cancellations provided in the Examiner's amendment.

Claim 6 has been amended to correct a typographical error in its claim dependency.

Applicants respectfully request entry of these proposed amendments. The Examiner is invited to call the undersigned at the below-listed telephone number.

DATE: 28 Sep 2006

Respectfully submitted,
